

Fermilab P5 Town Hall Welcome

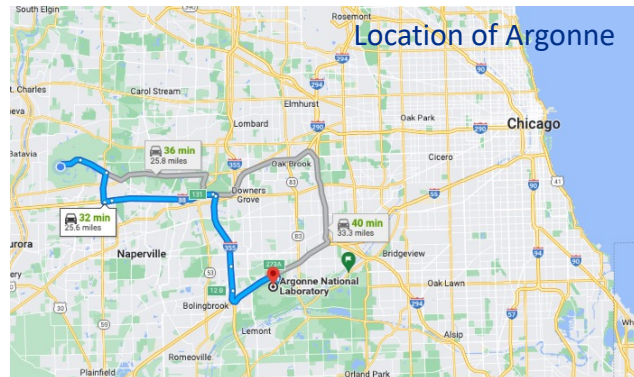

Louise Suter, Fermilab
March 21st 2023

Welcome

Welcome to the P5 town hall hosted jointly by Fermilab and Argonne. This town hall will cover Neutrinos, Rare Processes and Precision Frontier, and High-Energy Astrophysics

- Tuesday - All sessions at Fermilab
- Wednesday - All sessions at Fermilab
- Thursday - All sessions at Argonne
- Argonne is located ~30 mins drive from Fermilab
- While at Fermilab, we welcome you to our public areas
 - Including Wilson Hall Atrium, Ramsey Auditorium, B327, and Lederman Science Center

U.S. DEPARTMENT OF
ENERGY

Office of
Science

Fermilab Statement of Community Standards

- All registrants have read, understood, and agreed to comply with the Fermilab Statement of Community Standards
- This statement provides the baseline expectations for conduct by all members of the Fermilab community
 - **We welcome you all here today as part of the Fermilab community**
- The responsibility for proactively facilitating a safe and welcoming environment -- including voicing concerns -- rests with each member of the Fermilab community

It has three basic principles that apply to all members of the Fermilab community:

1. *Build trust and credibility*

Fermilab's success depends on the trust and confidence we develop with one another, and with our stakeholders and partners, including the U.S. Department of Energy, the public, and the global scientific community. As we engage in business on behalf of the Laboratory, we are each ambassadors of Fermilab.

Our reputation is determined by our words and our actions. We gain credibility by fulfilling our commitments and, when appropriate, acknowledging when we will not and taking responsibility for the consequences.

2. *Communicate openly and honestly*

Every member of the Fermilab community is welcome, and each is encouraged, to communicate their ideas and/or concerns. We seek to promote open communication, which emphasizes, listening, creativity, growth and development, collaboration, and inclusivity. This culture encourages respectful discussion and debate for mutual benefit.

3. *Respect one another*

Members of the Fermilab community shall be able to work in a safe and welcoming environment where everyone is treated with dignity and respect. Peer-to-peer or supervisory relationships that interfere with an individual's research or work performance, limit access to educational experiences and career opportunities, or adversely impact an individual's well-being are unacceptable.

How to report concerns

- All members of the Fermilab community are responsible for reporting
- You are encouraged to raise concerns about any violation of this Statement of Community Standards
- Confidentiality will be maintained, and reporting should proceed without fear of harassment or retribution
 - Please use the third-party hotline/website to report (either self-identify or remain anonymous):
 - <https://app.integritycounts.ca/org/fermilab>
 - Phone Hotline: 866-921-6714 (USA), 00-800-2002-0033 (Switzerland)
- Fermilab leadership is committed to addressing all incidents promptly and thoroughly. Violations can result in disciplinary action up to and/or including termination of employment, contract, and/or site-access privileges.

Logistics: Reception and Coffee

- The registration desk will be open all day, located in front of the Wilson Hall Atrium
 - Please stop by to get your badge and food tickets
 - Please keep your badge to also wear at Argonne
- All food and coffee will be served in the Wilson Hall Atrium
 - Complementary coffee and snacks will be served during the coffee breaks.

Logistics: Lunch

- For those who pre-paid lunch, you will be provided with tickets at the reception
 - If you specified dietary requirements, your lunch will be labeled specifically for you
- The Fermilab cafeteria has limited options and capacity.
 - Food can be pre-ordered [online](#) or at the kiosks
 - Cash is not accepted
- Several options are also available close to the lab for lunch

Logistics: Wednesday Evening Reception

Two Brothers Roundhouse

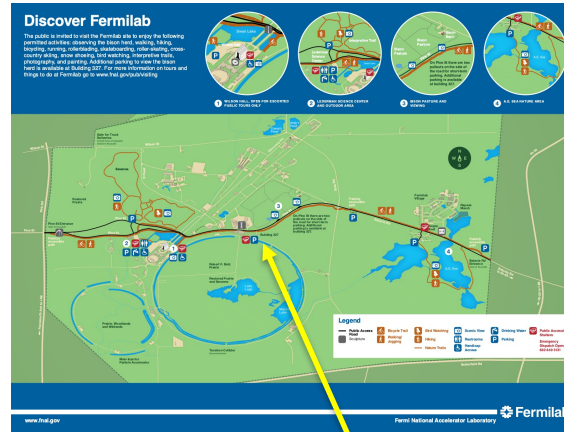

Google directions from Wilson Hall.

<https://goo.gl/maps/weGrqx6p9tdqetHa6>

- Everyone is invited to a complimentary reception at the Two Brothers Roundhouse on Wednesday evening.
 - 5:30 pm to 8:30 pm
- Please wear your registration badge, which also contains two refreshment tickets.
- Snacks, drinks, and a taco bar will be available.
- The Roundhouse is about a 20 min drive from Wilson Hall. It is an event/restaurant space owned by one of our closest neighbors, the Two Brothers brewery.
 - Signs will direct you to the event once you arrive.

Logistics: Working space

- Building 327 is available for use all week if you need additional working space
 - For those who are not attending Argonne in person, a zoom to the town hall will also be made available if needed
- It is located east of Wilson Hall, ~1 mile away along Pine Street, it is located across the road from our famous bison herd!

Your safety is our top priority

For emergencies call
630-840-3131

Your **escorts** are responsible for your safety!

- Always listen to the instructions of your escort – they know what to do in case of an emergency!
 - Shelter if tornado sirens / alarms go off – do not leave the shelter until instructed
 - If fire alarm sounds or strobes, evacuate the building and go to the designated assembly area – do not leave until FFD clears the area
- Always hold the handrail when climbing or descending stairs
- Please follow all traffic rules on site and keep an eye out for pedestrians
- Welcome and enjoy your visit!

Please thank our fantastic volunteers
